      1. <https://juneau.org/airport/documents-forms>

## MEETING SUMMARY

---

- iv. Reviewed SWPPP figures
    - v. SWPPP is actively being updated due to taxiway modifications
  - b. NOI's or No Exposures Needed
    - i. Required in order to be compliant with permit
    - ii. Patty Wahto: there are several airport tenants who are out of compliance due to lack of submitted NOI or NOE. JNU Airport has done all due diligence to help everyone come into compliance. Please submit required NOI or NOE for your company.
  - c. Patty Wahto: SWPPP identifies minimum Federal requirements for spill reporting, but additionally, DEC requires spill reporting for all quantities large or small. Please notify the JNU Airport staff immediately when reporting any spill to DEC.
- 4. BMPs (Chapter 4 of SWPPP)
  - a. Baseline
    - i. Housekeeping
    - ii. Maintenance for overall JNU Airport Facility BMP's by Phil Adams & Maintenance Staff
  - b. Advanced
- 5. Training
  - a. Annual and additional employee training required by MSGP
  - b. Training for inspections
  - c. Details available at link above for periodic and annual site inspections
  - d. SWPPP identifies what content needs to be covered in trainings
  - e. JNU Airport training will be held in October 2022
- 6. PFAS Status Update
  - a. Patty: PFAS are chemicals, can be found in firefighting materials
  - b. EPA & DEC regulated PFAS and required testing
  - c. Patty provided details of investigations to date
  - d. Reports available on JNU airport website at link above
- 7. Next Meeting
  - a. May 2023
