

Juneau International Airport Summer Parking Lot Reconstruction

Juneau International Airport Parking lot improvements will take place this summer (mid-May through fall), to include: Long-Term, Short-Term, Rental Car and Employee Parking lots. Work will include: curbs, repave, lighting and drainage. Long-Term Parking will be temporarily relocated, as well as relocating Short-Term, Taxi Staging and Rental Car parking during various times of construction.

Long-Term Lot:

The temporary Long-Term Parking will be available starting about May 19 or sooner, with the current Long-Term Parking closing at the end of May. The temporary Long-Term lot will be located north of the terminal, ramp-side (right side) as you drive in on Shell Simmons Drive. Follow detour signs for the Long-Term Parking lot. **The temporary Long-Term Parking will be limited to a maximum stay of 14 days for the duration of construction.**

Short-Term Lot (and Taxi Staging):

The Short-Term Parking and Taxi Staging will remain open in their current location until later in the summer. Short-Term Parking and Taxi Staging will then be temporarily relocated. Follow detour signs to the corresponding parking areas and note that the location of these lots will change during construction.

Parking Payment System:

Payment for parking will change to **a prepay system** either by payment kiosk or an app on their phone (the app will include a convenience fee of \$.50/transaction; app allows an extension of parking stay should plans change). Search for the Reef Mobile App in your smartphone's app store.

Two (2) payment kiosks will be located in the temporary Long-Term Lot near the entrance trailer.

PARKING WILL BE ENFORCED

Parking fees must be paid at time of parking (pay before you fly or come into the terminal).

All space is first-come first-served, no reservations.

Parking Rates:

Temporary Long-Term Parking will be a flat rate of \$16/day (0 to 24-hours).

Short-Term Parking will remain unchanged:

- 0 – 15 min. Free
- 16 – 60 min. \$3.00
- each extra hr. \$2.00

With the upcoming busy summer season, the Airport anticipates parking will be very tight and at times the lots will be full with no available space. Please consider getting a ride to the airport to avoid parking when traveling. Thank you for your patience as we make these improvements.

Please check this website <https://juneau.org/airport> regularly for project updates.

FAQ's (Frequently Asked questions)

Where should I park this summer?

If you are **traveling and returning in May**, you should continue to park in the existing Long-Term Parking or you may also park in the Temporary Long-Term Parking once it opens. If you are **traveling in May but not returning until June**, you will need to park in the Temporary Long-Term Lot. **Travelers in June and beyond** will need to park in the Temporary Long-Term Lot. Remember there is a 14 day maximum stay.

Will I be able to find a space to park?

If you are traveling and returning in May, you should find plenty of spaces available either in the existing Long-Term or Temporary Long-Term lots. After May, parking will be limited and, at times, the lots will be full with no available parking. Please consider getting a ride to and from the airport from a friend or utilizing taxis, rideshare or the Capital Transit Bus. Ground Transportation Options at the airport can be found here: [Airport – Passenger Services – City and Borough of Juneau](#) under “Ground Transportation”.

What if I am going to be gone for more than 2 weeks?

Due to the construction, there is no parking for more than 2 weeks this summer at the airport. You will need to arrange a ride to and from the airport as you will not be able to park your vehicle while you are gone. Overstay vehicles will be subject to tow and impound at the owner's expense.

What is happening with the Short-Term Lot?

The payment process for the Short-Term lot is expected to remain unchanged until mid-June. One gets a ticket from the ticket dispenser on entrance and pays the cashier on exit. At some point in mid-June, the ticket dispensers and cashier booth will go away and payment for Short-Term will shift to prepay at two kiosks that will be located at the entrance to the terminal. Also, Short-Term Parking will be reconfigured during the construction project. Please follow the construction signs directing you to the Short-Term Parking.
