Thereafter the box shall be sealed with the security seal provided and not be opened again until the polls finally close at the end of each day and the vote center or polling place is open. At the end of each day, ballot envelopes containing voted ballots will be counted and sealed with the security seals that will be recorded on the daily transmission log and prepared for transport to election central or the ballot processing center as required by written directive of the election official for transportation from the vote centers, post office box, ballot drop boxes, or polling places.
- (b) A voter shall give the election worker the voter's name and place the voter's signature by the voter's name in the registration book unless the qualifications of the voter are questioned.

See Appendix 22 – Ballots Issued Log (sample)

- (c) Every election worker shall question, and every watcher and any other person qualified to vote in the precinct or vote center, may question a person attempting to vote if the questioner has good reason to suspect that the questioned person is not qualified to vote. All questions regarding a person's qualifications to vote shall be made in writing setting out the reason the person has been questioned. A questioned person, before voting, shall subscribe to a declaration in a form provided by the election official attesting to the fact that, in each particular, the person meets all the qualifications of a voter, that the person is not disqualified, that the person has not voted at the same election, and certifying that the person understands that a false statement on the declaration may subject the person to prosecution for a misdemeanor under this title, under state law, or both. The election official shall provide a registration book for questioned voters to sign. If the questioned person refuses to execute the declaration, the person may not vote.

- (d) A voter who casts a questioned ballot shall vote the ballot in the same manner as prescribed for other voters. The voter shall insert the ballot into a secrecy sleeve and then put the secrecy sleeve into an envelope on which the statement the voter previously signed is located. The envelope shall be sealed and deposited in the ballot box. When the ballot box is opened, the envelopes shall be segregated, counted, compared to the voting list, and delivered to the official or body supervising the election. The merits of the question shall be determined by this official or body in accordance with election policies.

See Appendix 23 – Questioned Register Log

- (e) If the voter is not questioned, the voter shall be given one ballot and shall proceed to the voting booth or to the electronic ballot marking device to mark their ballot. There the voter, without undue delay, shall mark the ballot. A voter may write in the name of a candidate or candidates of the voter's choice; provided, however, that a voter who writes in a candidate's name must also mark the ballot in the area provided for that purpose opposite the name of such candidate in order for the voter's indication to be counted as a vote for such candidate. Upon the voter's determination that the voter has satisfactorily marked the ballot, the voter shall place the ballot within the secrecy sleeve and voter certification envelope provided and deposit the ballot in the ballot box.
- (f) A voter who by accident or mistake mutilates or spoils the voter's ballot shall, upon returning the same to the election workers, be given another ballot, to a maximum of three ballots. The worker shall record the number of ballots spoiled, void the spoiled ballot, and without examining it, place it in the spoiled ballot envelope for final ballot accountability.
- (g) The voter may choose to use an electronic alternative ballot marking device as provided at a vote center or polling place in accordance with instructions provided by the election officials. Alternatively, a voter who cannot read, mark the ballot, or sign the voter's name, may be assisted in doing so by an election worker, or not more than two willing persons of the voter's choice if the voter requests such assistance. If any person other than an election worker assists the voter in reading or marking the ballot, such person shall state upon oath before the election worker that such person will not reveal the vote cast by the assisted voter.

See Appendix 24 – ICX Voting Register Sample

- (h) On election day, 15 minutes before the closing of the polls, and all other locations where ballots may be cast, an election worker shall proclaim to any persons present the time remaining before the polls close. When the polls are closed, that fact shall be similarly proclaimed, and thereafter no ballots shall be received except those of qualified voters already present at the vote centers, ballot drop boxes, election official's office, or the precinct polling location, in a poll-based election, waiting to vote when the polls are closed. Ballots must be provided to an election official, received by the vote center, placed in a ballot drop box, or received at a polling place, in a poll-based election, by 8:00 p.m. on election day, or be postmarked by the post office on or before election day. Any ballots cast by a voter present in line awaiting the opportunity to vote at a vote center, or to drop

a ballot into a secure ballot drop box, or present in line awaiting the opportunity to vote at a polling place, for a poll-based election, at 8:00 p.m. on election day, will be considered as having voted in a timely manner.

- (c) Ballot review procedure. The ballot review team shall examine each ballot envelope and shall determine whether the voter is a qualified voter as required under CBJ Charter

Section 6.3 and whether the ballot has been properly cast under election policies established for the review, tabulation, and counting of by-mail ballots. The ballot review team may begin reviewing and processing by-mail ballots prior to election day as part of the election review process to prepare them for counting. The counting or tabulation of ballots that would generate any election results will not begin until after 8:00 p.m. on election day. The following standards shall guide the election policies:

- (1) A ballot shall not be counted if:
 - (A) The voter failed to properly execute the certification on the envelope with a valid signature and personal identifier or the voter's signature and personal identifier cannot be validated in accordance with the process set out in subsection (3) below; or
 - (B) Reserved.
 - (C) The ballot return envelope, if mailed, is received after election day, has no postmark, and United States Postal Service (USPS) cannot verify the ballot return envelope was mailed on or before election day; or
 - (D) The ballot return envelope is not received before the beginning of the canvass review board review process; or
 - (E) The voter has already voted in the election.
- (2) A ballot shall be counted if:
 - (A) The voter properly executed the certification on the envelope with a valid signature and personal identifier as verified in accordance with the process set out in subsection (3) below; and
 - (B) Reserved.
 - (C) The ballot return envelope was received via mail at a voter center, polling place, in a poll-based election, or deposited in a ballot drop box no later than 8:00 p.m. on election day; or
 - (D) The ballot return envelope, if mailed, was postmarked or the United States Postal Service (USPS) can verify that the ballot return envelope was mailed on or before election day; and
 - (E) The ballot return envelope was received before the beginning of the canvass review board review process.
- (3) Signature verification process:
 - (A) The voter's signature and personal identifier on the ballot certification must be compared with the signature(s) and personal identifiers in the voter's voter registration file(s) using the standards established in the election policies developed under CBJ 29.07.250.

-
- (B) The election official may designate, in writing, election workers to perform this function. All personnel assigned to the duty of signature verification shall subscribe to an oath administered by the election official regarding the discharge of their duties. Personnel shall be trained in the signature verification process prior to actually comparing any signatures.
- (C) In this section, signature verification process, if all other factors match for voter's eligibility, the election official and/or canvass review board may approve the counting of a ballot if it meets the following "fuzzy match" criteria for the personal identifier:
- (i) "Date of Birth" fuzzy match includes ONE of the following:
 - (a) Two dates with the maximum of 1 digit in difference "03/27/1945" and "03/27/1946"; or
 - (b) Transposition of month and day portion of the Date of Birth: "05/11/1935" and "11/05/1935."
 - (ii) A "Social Security Number" or Alaska Driver's license or State ID fuzzy match include ONE of the following:
 - (a) Two numbers with a maximum of 2 digits in difference, any number position; or
 - (b) Two consecutive numbers are transposed.
- (D) Missing or invalid signature or personal identifier. If a voter's signature or personal identifier is missing or determined to be invalid, the election official shall, within three days of initial processing of the envelope, send a letter to the voter explaining the lack of a valid signature and/or personal identifier.
- (i) The letter shall be sent to the address to which the ballot was mailed.
 - (ii) The voter may:
 - (a) Fill out the form included with the letter and return the form to the address specified on the form; or
 - (b) Come to the location identified in the letter and present valid identification to an election official and sign a form provided by the election official authenticating the envelope.
 - (iii) If the authentication is still determined to be invalid, the voter shall be notified in writing that their ballot is rejected.
- (E) Ballot cure policies and procedures will be established pursuant to the election policies developed under CBJ 29.07.250.
- (4) The ballot review team may begin reviewing and processing by-mail ballots prior to election day as part of the election review process to prepare them for counting. The tabulation of ballots will not begin until after 8:00 p.m. on election day.

-
- (d) Multiple and replacement ballots. If the voter is issued a replacement ballot, the first valid ballot received and reviewed at the ballot processing center is counted. Subsequently received ballots from the same voter are not counted. Subsequent ballot envelopes received from a voter who has already voted shall be marked "rejected," segregated from approved ballot envelopes, remain unopened, and forwarded to the canvass review board for final adjudication. The voter shall be notified by letter mailed to their mailing address and, if applicable, temporary mailing address.

29.07.160 General procedures for ballot count.

- (a) Adjudication of votes shall use the following rules:
- (1) A vote shall be counted if the oval preceding the name of the candidate or answer to a proposition question is wholly or partially filled-in.
 - (2) A failure to properly mark a ballot as to one or more candidates or proposition questions does not itself invalidate the entire ballot.
 - (3) If a voter marks fewer names than there are persons to be elected to the office, a vote shall be counted for each candidate properly marked.
 - (4) If a voter marks more names than there are persons to be elected to the office, the votes for candidates to that office shall not be counted. Marks for both a write-in and a candidate named on the ballot shall not be counted, unless the write-in name is the same as the candidate printed on the ballot marked by the voter.
 - (5) Candidates and answers to proposition questions marked with a strikethrough across the oval and name or answer shall be treated as indicating the voter's intent to not vote for the candidate or answer so stricken:

- (6) To invalidate a vote without making an alternate choice, the voter must vote and strike through more than one oval and name or answer.

- (7) All other over votes shall not be counted as a vote for any candidate or for an answer to a proposition question, regardless of markings or handwritten notes.
- (8) The mark specified in (1) of this subsection shall be counted only if it is substantially inside the oval provided, or touching the oval so as to indicate clearly that the voter intended the particular oval to be designated.
- (9) Improper marks on the ballots shall not be counted and shall not invalidate marks for candidates or propositions properly made.
- (10) Write-in votes shall not be counted unless the candidate has filed a letter of intent as required by subsection 29.07.050(f). If the total number of ballots containing write-in votes in the general election are at least the second highest in number in a race with two or more candidates, the write-in votes will be counted individually, which may be done using an electronic adjudication process when available. In races where a candidate is unopposed, write-ins will be counted individually if they are within 100 votes or less. Write-in votes will be counted after the date of the election, but before the certification of the election in which the write-ins occurred. Write-in vote totals that do not fall within either of these two categories will not be individually counted.
- (11) In order to vote for a write-in candidate, the voter should:
- (A) Write in the candidate's first and last name in the space provided;
 - (B) Mark the oval preceding the candidate's name in accordance with subsection (a)(1) of this section; and
 - (C) Not mark ovals for additional candidates for the same office in excess of the number of offices available, except as otherwise provided in this Code.
- (12) A sticker bearing a candidate's name may not be used on the ballot and the vote shall not be counted for that office.
- (b) The rules set out in this section are mandatory and there shall be no exceptions to them. A ballot or vote shall not be counted unless marked in compliance with these rules, except that when it can be clearly and convincingly determined how the voter intended to vote it shall be counted accordingly. The rejection of a ballot or vote for counting under these rules is a final determination and only reviewed in an election recount or election contest.
- (c) A registered observer may challenge the adjudication of a vote under this section by:

-
- (1) Requesting a brief pause in adjudication to note the ballot number; and
 - (2) Submitting a form to the municipal clerk that sets forth with specificity the rule that has been improperly applied by election officials.

A candidate or an organization may have no more than one observer at each vote center, ballot drop box location, United States Postal Service (USPS) sites, polling location, in a poll-based election, or ballot processing center.
- (c) A write-in candidate may register observers if, at the time of registering observers, the write-in candidate has met the requirements in subsection 29.07.050(f).
- (d) Due to limited space at the ballot processing center, one registered observer for each candidate or group will be allowed at the ballot processing center unless the number of registered observers exceeds capacity at the ballot processing center and the election official provides reasonable alternative means of observation. The election official may permit additional observers on a space available basis provided each candidate and group

is allocated an opportunity for an equal share of the total number of observers permitted. Candidates and groups may share an observer.

- (e) Observer registration. Each candidate or organization shall register by submitting the following forms to the election official and in accordance with election policies as follows:
- (1) An observer registration form; and
 - (2) A signed confidentiality agreement; and
 - (3) A training and tour agreement; and
 - (4) A certificate of training.

Once the above forms are submitted, the election official shall provide credentials available for pick-up within 72 hours, in the form of an observer identification badge stating the observer's name, who they represent, and the date. The badge must be signed by the candidate, campaign manager, or the chairperson of the group before the observer may begin to observe at an election location.
