January 30, 2024

To The Honorable State and Federal Delegation:

This document presents the City and Borough of Juneau's Fiscal Year 2025 Legislative Priority List. The Legislative priority list provides information on long range capital projects identified as priorities for the community of Juneau. Descriptions of projects include cost and schedule information, a designation of who will be responsible for operating and maintaining the infrastructure, and what goals the project is advancing.

The projects included in the Legislative Priority List were compiled with input from CBJ Boards and Commissions and City staff. The Legislative Priorities will be used to inform requests to State Legislature, Federal Delegation and granting agencies.

It is the intent of the City and Borough of Juneau to update the Legislative Priority List annually to ensure the long-range capital improvement planning stays current, as well as to determine annual legislative priorities and assist with budget development. Please don't hesitate to reach out with any questions.

Sincerely,

Katie Koester
City Manager

PEDERSON HILL HOUSING DEVELOPMENT

AMOUNT REQUESTED: \$1M

AMOUNT SECURED: \$1.5M

TOTAL PROJECT COST: \$5M-\$15M

PROJECT DESCRIPTION & UPDATE:

The requested funding will provide for the study and design of a secondary access road to the Pederson Hill Subdivision. In the past year the Assembly agreed to work with the Tlingit Haida Regional Housing Authority (THRHA) to develop the remainder of Phase 1B and 1C. With that development underway any additional development will require a second access route for public safety and emergency response. This second access is an expensive requirement which needs to be funded before any future housing units can be planned on this CBJ property. This second access will make available up to 26 acres of CBJ owned property for development and disposal.

PUBLIC PROCESS:

There will be an opportunity for public comment to the Planning Commission during planning and to the Assembly during all phases of development.

TIMELINE: Once funding is secured, design can be complete within 18 months.

WHO WILL MAINTAIN AND OPERATE? CBJ

GOAL OF PROJECT: Increase workforce and market rate housing with further development of Pederson Hill Subdivision.

JUNEAU DOUGLAS NORTH CROSSING (JDNC)

AMOUNT REQUESTED: \$2M

AMOUNT SECURED: \$25.7M (\$2M for PEL; \$250,000 CBJ; \$7M Congressionally Directed Spending; \$16.454 USDOT RAISE Grant)

TOTAL PROJECT COST: \$280M-\$320M (depending on alternative)

PROJECT DESCRIPTION & UPDATE:

A second crossing from Juneau to Douglas Island has been a priority for the community since the early 80s. An alternate access to the heavily populated Douglas Island will increase safety; if the only bridge now were to fail residents would be stranded and emergency services would be limited. It will reduce transportation times and open up new land to development. Thanks to Senator Murkowski, CBJ received \$7M in Congressionally Directed Spending in FY23. This will build on the analysis and public outreach currently underway through the Planning and Environmental Linkages (PEL) study.

In another boon to the project, CBJ was awarded a 2023 USDOT RAISE grant in the amount of \$16.464M which will provide funding through design. Prior to completing the 100% bid-ready design package, CBJ will solicit Federal Highway construction funding under the Infrastructure Investment and Jobs Act (IIJA). CBJ applied for technical assistance funding to identify and pursue construction funding opportunities to bring the project to completion

PUBLIC PROCESS: Through the PEL process ADOT&PF, with the help of DOWL Engineering, has engaged in multiple stakeholder and public meetings, surveys, and listening sessions to identify both public sentiment on the project and potential alternatives. Project status, alternatives, reports and stakeholder meeting updates are available at jdnorthcrossing.com. The NEPA process will include thorough public process as a preferred alternative is vetted.

TIMELINE: The PEL study is expected to be complete by spring of 2024. Building on the work of the PEL, NEPA should take 24 months. Design will take an additional 18-24 months.

WHO WILL MAINTAIN AND OPERATE? State of Alaska.

GOAL OF PROJECT: Community safety, housing and economic development.

AAK'W VILLAGE DISTRICT PARKING

AMOUNT REQUESTED: \$30M

AMOUNT SECURED: \$5M SOA; \$5M CBJ Voter Approved Sales Tax

TOTAL PROJECT COST: \$40M

PROJECT DESCRIPTION & UPDATE:

Building a garage with greater capacity would expand parking for State employees, the Legislature, and the Aak'w Village District, freeing up current parking lots for development and infill. This parking garage provides parking for the State of Alaska, just North of the State Office Building. The current garage is old and in need of major repairs. This project could be seven stories, creating a total of over 450 parking spaces, with a total net increase of approximately 300 new parking spaces.

PUBLIC PROCESS: This project was designated as a CBJ Legislative Priority in 2021, 2022, and 2023.

TIMELINE: Architect has been selected and condition assessment and preliminary design is underway. Once full funding is secured, 24-36 month design and construction timeline.

WHO WILL MAINTAIN AND OPERATE? TBD

GOAL OF PROJECT: State/Legislative parking, Aak'w Village District infill development.

TELEPHONE HILL REDEVELOPMENT

AMOUNT REQUESTED: \$2M

AMOUNT SECURED: \$450,000

TOTAL PROJECT COST: unknown (\$10M placeholder)

PROJECT DESCRIPTION & UPDATE:

This project will prepare the roughly 3 acres of CBJ owned property in downtown Juneau which is adjacent to the State Office Building for redevelopment. This project will include removal of hazardous materials and environment cleanup, potential demolition of existing structures, a redevelopment study, site preparation, utility and infrastructure upgrades, and re-subdivision. The outcome of this project will be independent buildable lots which are sized appropriately for redevelopment with infrastructure that can be utilized to maximize density and the property will be redeveloped to meet the goals of the Assembly and the state capital.

PUBLIC PROCESS:

In August and October 2023, the City held public meetings to encourage community dialog regarding this project. The CBJ Assembly will continue to provide the public opportunities to comment on this project. There will be opportunities for public comment to the Planning Commission during planning and to the Assembly during all phases of redevelopment. Project information is available at <https://juneau.org/engineering-public-works/telephone-hill>.

TIMELINE: An inventory of utilities, property and hazards is currently underway. A draft development plan will be publicly reviewed in the first quarter of 2024. Depending on the outcome of that plan a phased redevelopment approach could begin in 2024.

WHO WILL MAINTAIN AND OPERATE? CBJ

GOAL OF PROJECT: Redevelop over 3 acres of property in downtown Juneau for the best and highest use.

CBJ RADIO SYSTEM REPLACEMENT

AMOUNT REQUESTED: \$12M

AMOUNT SECURED: \$500,000; \$2M CBJ Voter Approved Sales Tax

TOTAL PROJECT COST: \$17.2M

PROJECT DESCRIPTION & UPDATE:

The CBJ has determined that the current radio system must be replaced due to equipment obsolescence, to enhance coverage and correct capacity shortfalls while conducting modernization as a means of securing enhanced network reliability, resiliency and interoperability. Project phases would include procurement, engineering/design, site construction/improvements (shelters, buildings, generators, towers, UPS, etc.), microwave improvements, procurement, and installation of radio site equipment (transmitters, receivers, antenna systems, etc.) and end user equipment (portable and mobile radios). Deficiencies with the current system impact multi-agency responses and have been documented during numerous police, fire and EMS events with partners such as the Airport, Public Works, Alaska State Troopers, FBI, Coast Guard and the Navy. A comprehensive upgrade is needed to enhance radio communications and increase interoperability with municipal, state, and federal partners. Senator Murkowski has added \$2M as Congressionally Directed Spending in the FY24 appropriations bill that is awaiting Congressional action.

TIMELINE: Once funding is secured, all work could be performed within 4 years.

WHO WILL MAINTAIN AND OPERATE? CBJ

GOAL OF PROJECT: Provide adequate and sustainable radio communications for CBJ public safety agencies and response partners to communicate effectively during routine events and disasters locally, regionally and statewide.

JUNEAU SCHOOL DISTRICT-WIDE HVAC AND HEATING CONTROL SYSTEM UPGRADES

AMOUNT REQUESTED: \$6.4M

TOTAL PROJECT COST: \$6.4M

PROJECT DESCRIPTION & UPDATE:

This ambitious project entails the comprehensive enhancement of HVAC and Heating Control Systems across all 13 schools within the City and Borough of Juneau. This initiative serves a dual purpose: firstly, it will significantly improve the early detection and notification of system issues and emergencies, thereby enhancing the district's responsiveness to outages and failures. Secondly, these system upgrades will provide the maintenance department with centralized access to control systems for all schools, streamlining system management and increasing efficiency. As a result, emergency response times will be markedly reduced, as issues can be identified swiftly. Importantly, this upgraded system is expected to yield substantial energy cost savings for the district, representing a win-win solution for both school facilities and the environment.

TIMELINE: Once funding is secured, design and construction complete within 28 months.

WHO WILL MAINTAIN AND OPERATE? Juneau School District

GOAL OF PROJECT: This project will upgrade the HVAC and Heating Controls Systems for all schools in the City and Borough of Juneau, improving the facilities' energy efficiency, safety, and security.

MENDENHALL WASTEWATER TREATMENT PLANT COMPLIANCE: FATS, OIL, AND GREASE & GRIT REMOVAL

AMOUNT REQUESTED: \$5.95M

TOTAL PROJECT COST: \$5.95M

PROJECT DESCRIPTION & UPDATE:

Fats, Oils and Grease (FOG) requires special treatment, typically prior to the treatment basin. The foam from FOG degrades plant performance at the Mendenhall Treatment Plant. This project would install a grease collection vessel with a skimmer and vortex vessel to control incoming grease and finer grit. The Mendenhall Treatment Plant is currently operating under a Compliance Order by Consent with the State due to permit violations. Removing FOG before it disrupts the treatment process will assure more consistent plant performance. This project will design and construct the FOG and grit removal equipment.

TIMELINE: Once funding is secured, design and construction within 30 months.

WHO WILL MAINTAIN AND OPERATE? CBJ

GOAL OF PROJECT: Permit compliance, reduce treatment costs, and extend the useful life of the plant.

LEMON CREEK MULTIMODAL PATH

AMOUNT REQUESTED: \$8M

AMOUNT SECURED: \$1.75M

TOTAL PROJECT COST: \$10M

PROJECT DESCRIPTION & UPDATE:

The requested funding would construct a multimodal path in Lemon Creek that connects residents to schools, shopping, jobs and services. CBJ is pursuing a DOT Reconnecting Communities grant for FY24 that will include robust public engagement, route selection and preliminary design, as well as a ADOT&PF Transportation Alternatives Program grant for the first phase of construction. The Assembly has appropriated \$1.75M to advance design of the project as well as potential match for construction grant opportunities. The full route would connect the Glacier Highway / Vanderbilt intersection to Alaway Avenue and then on to Glacier Highway (near the old Walmart). This would provide direct access to the two largest mobile home parks in the community. CBJ also applied for a 2023 ADOT&PF Transportation Alternatives Program (TAP) grant for phase one design and construction, as well as a FHWA FY23 Safe Streets for All (SS4A) supplemental planning funds for additional community planning and analysis of pedestrian, cyclist and motorist safety.

PUBLIC PROCESS:

This project has been identified as a priority by the 2017 Lemon Creek Plan adopted into the Comprehensive Plan. Designated as the number one Legislative Capital Priority in 2021 and 2022, and the 8th priority in 2023.

TIMELINE: FY24 (ongoing) route analysis, public outreach, planning and preliminary design. Once full funding is secured, 18-24 months for design and construction.

WHO WILL MAINTAIN AND OPERATE? CBJ

GOAL OF PROJECT: Advance long term goal of a new non- motorized route.

PUBLIC PROCESS: Conceptual studies and outreach for Centennial Hall were performed in June of 2019 . Upgrades to the ballroom at Centennial Hall were completed in August 2023. The performing arts elements (new JACC) also received public input throughout the development of design for a stand alone facility. Merging the two facilities into a large, single, facility was presented to the Assembly by stakeholder organizations in 2020. The Assembly funded conceptual design in late 2021 appropriated \$2m to advance the project. Northwind and JYW Architects teamed up for design and have worked with stakeholders to consolidate space and find design efficiencies.

TIMELINE: Once funding is secured, 3-3.5 year design and construction timeline.

WHO WILL MAINTAIN AND OPERATE? CBJ

GOAL OF PROJECT: Support convention, arts and visitor economy.

JUNEAU SCHOOL DISTRICT-WIDE SECURITY AND SAFETY UPGRADES

AMOUNT REQUESTED: \$2M

TOTAL PROJECT COST: \$2M

PROJECT DESCRIPTION & UPDATE:

This project will upgrade security cameras, phone systems, secure entryways, brush clearing, perimeter lighting, emergency egress lighting, back-up generators, and secured property. This project will increase the Juneau School District's security presence, which will help to deter vandalism, theft, and other criminal activities. The security and safety of our staff, students, and community is our main priority, and with this project upgrade, the District feels that it is taking the necessary steps to bring our facilities into the technology age.

The requested funding would allow for the preliminary planning and design phases, including permit acquisition. This opens the opportunity for the construction of a new breakwater at the end of the Statter Harbor. The current facility has reached it's useful life and needs to be replaced. The new facility would allow for more moorage and provide economic stimulus to the community. CBJ would be the local sponsor for the US Army Corps of Engineers, who is federally responsible for the feasibility analysis, design and construction of the breakwater. Local match is required under federal law and is available through Docks & Harbors. EVERYTHING YOU ALWAYS WANTED TO KNOW ABOUT THE CBJ LEGISLATIVE CAPITAL PRIORITIES LIST

by Katie Koester, Engineering and Public Works Director

Q: What are the Legislative Capital Priorities?

A: The CBJ Legislative Capital Priorities (LCP) is a document that lays out community priorities for capital projects, including a project description, rationale for why it's needed (benefits to the community), description of progress to date (money raised, plans drawn up, etc.), and estimated total cost. For CBJ projects, additional information is provided on the timeline for completion. Facilities that have alternative funding streams are not included on this list: for example, the Airport, or projects that can be funded through Passenger Fees. See graphic on the following page for a diagram of how the different plans and lists relate to each other.

NOTE: Inclusion on the Legislative Capital Priorities is not a funding request. From CBJ's standpoint, it is a mechanism to prioritize projects and raise awareness of a needed project to increase chances of funding from various sources. Nominating a project for inclusion in the LCP should not be thought of as a request for municipal funding.

Q: Are the "legislative priorities" the same as the Capital Improvement Plan?

A: No, they are a prioritized list of projects that are pulled from various CBJ plans, including the Comprehensive Plan, Area Plans, and the Six-year Capital Improvement Plan. The Legislative Priorities are "short list" of projects on which CBJ will focus particular attention during the upcoming legislative session and with the federal delegation. (The goal is to get at least partial funding for a project included in the state capital budget or federal earmark.)

CBJ's "short list" of Legislative Priorities should have a limited number of projects on it. An attempt is made to phase projects so that funding requests range in size depending on available funds and objective. For the State Legislature, project descriptions are inputted into an online system lawmakers use to prioritize funding requests (CAPSIS). These are due in February.

Federal priorities are also solicited by the delegation through an online platform. The Assembly will designate projects that have a nexus with federal funding opportunities for submission to the delegation through the Legislative Priority process.

Q: What is a capital project?

A: A capital project is a major, non-recurring budget item that results in a fixed asset (like a building, road, parcel of land, or major piece of equipment) with a useful life of 20-50 years. Designing and building a new library is a capital project. Planning and implementing an after-school reading program is not a capital project. Most of the projects in the LCP are CBJ projects, but some are community projects spearheaded by a non-profit organization or state or federal agency (e.g., Alaska DOT). To be included on the LCP projects must have an estimated total project cost of at least \$1,000,000.

Q: Is the Legislative Capital Priorities list just "wish list," and if so, what's the point of writing up a "wish list"?

A: The Legislative Priorities list does include projects that are aspirational, and as such may have items that are so large or expensive, that it is hard to imagine completion in the near future. However, articulating these priorities helps guide the Assembly and the community through small steps that lead up to the larger goal and advocate towards a common goal. It will take time and discipline to keep the list an accurate and living document.

There are several reasons to include longer term projects on the Legislative Priority List, even when it seems like little progress is being made in accomplishing projects: 1) It helps focus attention on community needs. 2) It helps groups raise money for projects if the sponsor can say that the project has been identified as a community priority in the CIP. 3) Typically the more priority a municipality places on a project, the greater the chances it for a legislative appropriation.
