We agree to hold the City harmless for the full amount of any damage caused by vehicles operated by our employees, customers, vendors, or suppliers, while they are on company business on airport property.

All vehicles permitted on airport property will obey all airport rules and regulations, including those in the Airport Security Plan. Any liabilities incurred by the airport for breach of these regulations by vehicles permitted on the airport by our company will be reimbursed in full within thirty days of receipt of billings.

We acknowledge the airport's permission for the above vehicles to be on the AOA ramp expires on December 31, 2024.
