- Become an active permanent/probationary part-time employee, or exempt employee working less than full time and who regularly works a minimum of 832 hours per year and a minimum of 16 hours per week, and they agree to pay their portion of the premium, which will be pro-rated depending on the number of hours worked per pay period

# WELCOME TO YOUR BENEFITS

Ready to enroll? The first step is to review and verify all of your personal information, as well as any dependents, before making elections.

Once all your information is up to date, it's time to make your benefit elections. The decisions you make during open enrollment can have a significant impact on your life and finances, so it is important to weigh your options carefully.

## When To Enroll

You have 30 days from your Date of Hire to enroll, but the sooner you enroll, the sooner information will be sent to Premera and the sooner you can start using your benefits.

## Qualifying Life Events

IRS rules place certain restrictions for when you can make changes outside of open enrollment. Once the new plan year begins, you are unable to make changes unless you experience a life-changing qualifying event. You'll need to fill out enrollment forms and provide supporting documentation within the allowable time frame (typically 30 days from the event).

Qualifying events include:

- Marriage, gain or loss of domestic partnership, divorce, or legal separation
- Birth or adoption of a child
- Death of a qualified dependent
- Change in employment status that impacts coverage or eligibility under another employer-sponsored plan

## SPENDING ACCOUNTS

When it comes to medical and the cost of dependent care it can get overwhelming. One way we are trying to make that easier for our employees is by providing options to save money on expenses you will pay throughout the year.

Bartlett Hospital's spending account options may be a good fit for you.

### Health Savings Account (paired with the HDHP only)

If you enroll in the High Deductible Health Plan, you will have access to the Health Savings Account (HSA) You can think of the HSA like a personal savings for your healthcare expenses with some impressive tax advantages.

- This account allows you to set aside funds from your pay-check that will not be subject to federal income taxes.
- The IRS allows you to pay qualified medical expenses with these tax-free funds.
- The account can earn interest on a tax-free basis and you are allowed to roll funds over from year to year..
- If you leave CBJ/BRH, or retire, you can take your HSA with you.

## HEALTH SAVINGS ACCOUNT (HSA) IRS LIMITS

## Flexible Savings Account (FSAs)

FSAs enable you to put aside money for important expenses and help you reduce your income taxes at the same time. The Bartlett Hospital offers two types of FSAs – A Health Care FSA and a Dependent Care FSA. These accounts allow you to set aside pre-tax dollars to pay for certain out-of-pocket health care or dependent care expenses.

It is important to note that these funds need to be used within the calendar year. Any unused funds will be forfeited. You will have 2 and ½ months after the start of next plan year to accrue and submit claims for reimbursement from the previous year's funds before elections are forfeited.

### Health Care FSA

Copays, deductibles, orthodontia, prescription drugs, medical equipment and more.

### Dependent Care FSA

Babysitters, daycare, day camp, home nursing care and more.

## Flexible Savings Account (for medical or dependent care services)

- Each year during the open enrollment period, you decide how much to set aside for health care and/or dependent care services.
- Your deductions are made from your paycheck on a before-tax basis in equal installments throughout the calendar year.
- As you incur health care or dependent care expenses throughout the year, submit a claim for reimbursement. Your claim will be reimbursed from your account. Or use your FSA card to pay for eligible transactions at the point of sale. If you use your card to pay directly, there is no need for a reimbursement form.
- Please keep receipts for eligible expenses, as you may be asked for proof of a qualified expense.

## FLEXIBLE SAVINGS ACCOUNT (FSA) IRS LIMITS

Annual Maximum Contributions	2024	Examples of covered expenses
Health Care Flexible Spending Account	\$3,200	Copays, deductibles, orthodontia, over-the-counter medicines and more.

Bartlett Hospital provides full-time employees with \$10,000 in group life and accidental death and dismemberment (AD&D) insurance. Bartlett Hospital pays for the full cost of these benefits. Contact HR if you would like to update your beneficiary information (you are automatically named the beneficiary for the dependent coverage).

What other expenses do you expect in the future? Depending on your needs, you may want to consider buying supplemental coverage.

With voluntary life insurance, you are responsible for paying the full cost of coverage through bi-weekly payroll deductions. You can purchase coverage for yourself and your spouse in \$25,000 increments. The maximum amount for employees is \$300,000 or 7x Base Annual Salary. For a spouse, the maximum amount will be limited to your voluntary life and AD&D amount. For child(ren), there is a \$10,000 flat option.
