## Red Cross Offering Immediate Assistance for Qualified Households

Thanks to the generosity of our donors, the American Red Cross is offering immediate financial assistance for those who need help recovering and whose primary residences were destroyed or sustained eligible flood related damage by recent glacial outburst flooding. If you believe you have eligible damage to your home, please visit the site listed on this flyer.

To be eligible for Red Cross immediate financial assistance, households must apply for the program and must meet all the following requirements:

- Applicant's pre-disaster primary residence (renter or homeowner) is located in a confirmed disaster-impacted geographic area.
- Applicant is the head of household and not listed on any other Red Cross assistance application related to the flooding.
- Applicant's primary residence was destroyed or suffered eligible flood related damage.
  - Eligible damage is indicated by significant structural or flood related damage that requires extensive repairs, or the damage is so severe that repairs are not feasible.
- Primary applicant's identity and proof of residence details were verified.

All Red Cross services, including financial assistance, are available to individuals regardless of citizenship status, nationality, race, sexual orientation, gender identity, religious beliefs, class or political opinions. The Red Cross is a charity, not a government agency and people do not need to be American citizens to receive our help. Red Cross financial assistance is not a loan and will never need to be repaid.
