**RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA**

**Serial No. 3071**

**A Resolution of the City and Borough of Juneau Declaring a Local  
Emergency in Response to the August 2024 Glacier Outburst Flood and  
a Request for State and Federal Assistance.**

WHEREAS, the City and Borough of Juneau (“CBJ”) is a political subdivision of the State of Alaska; and

WHEREAS, a side basin (Suicide Basin or K’óox Kaadí Basin) of the Mendenhall Glacier above Juneau, Alaska, has released outburst floods (also known as jökulhlaups) since 2011, with record flood events in August 2023 (14.82’ preliminary crest on Mendenhall River) and now August 2024 (15.99’ preliminary crest on Mendenhall River); and

WHEREAS, the August 2023 glacier outburst flood caused unprecedented damage (at that time) along the Mendenhall River, resulting in 20 to 150 feet of riverbank erosion in many places, the collapse of residences into the river, and major flooding in multiple areas with some homes inundated by over six feet of water; and

WHEREAS, the total damage from the August 2023 glacier outburst flood is still being calculated and is expected to be in the millions of dollars; and

WHEREAS, after a glacier outburst flood that started on August 5, 2024, the CBJ sustained unprecedented damage to public infrastructure and private property; and

WHEREAS, the CBJ City Manager is the chief administrative officer, who reports to the Assembly (CBJ Charter 4.1 & 4.5); and

WHEREAS, the governing body of the CBJ is the Assembly, which has the legislative and policy-making powers (CBJ Charter 3.1), and the CBJ Mayor is the presiding officer with special powers in emergencies; and

WHEREAS, CBJ Charter 3.12(c) specifically allows the Assembly to call for a Special Assembly Meeting to declare an emergency without the normal 24-hour notice (“A special meeting at which a state of emergency is declared and identified by the assembly shall be a

40 legal meeting although proper notice may not have been given of the meeting.”), *see also*  
41 CBJ Charter 5.4; and

42

43 WHEREAS, pursuant to CBJC 03.25.040(a) and A.S. 26.23.140, the declaration of the  
44 existence of a local emergency may be made by the CBJ City Manager and confirmed by the  
45 CBJ Assembly; and

46

47 WHEREAS, the following conditions exist: the extent of flooding is unprecedented;  
48 hundreds of homes were severely impacted by flooding, including homes outside anticipated  
49 flood areas; hundreds of vehicles were flooded; there were countless hazardous material  
50 spills causing portions of the Mendenhall River and floodwaters to smell like petroleum; 43  
51 people sought refuge in an emergency shelter and countless others evacuated to other  
52 locations; public utilities and infrastructure were severely damaged; comprehensive damage  
53 and condemnation assessments are underway, but the extent and severity of the flooding for  
54 a large portion of the CBJ’s primary residential area is likely to displace hundreds of people  
55 from their homes due to water and subsequent mold damage; and emergency response costs  
56 are significant; and

57

58 WHEREAS, given the severity and magnitude of the damage caused by the flooding,  
59 State and Federal assistance is needed to supplement local efforts to respond to and recover  
60 from the August 2024 glacier outburst flood; and

61

62 WHEREAS, the CBJ requests the Governor of the State of Alaska declare a disaster  
63 emergency and provide State assistance to the City and Borough in its response and  
64 recovery from damages and costs resulting from this natural disaster; and

65

66 WHEREAS, the Assembly authorizes the Manager to implement any orders necessary  
67 to protect the health and safety of the residents of the CBJ, including closing streets, foot  
68 bridges, and trails; and

69

70 WHEREAS, the Assembly further authorizes the Manager to allow emergency  
71 permitting and waivers under Title 19, Title 49, and Title 75 as it is reasonable and  
72 necessary to protect life and property, upon balancing the public health, safety, and welfare;  
73 and

74

75 WHEREAS, the Assembly requests the Governor of the State of Alaska direct State  
76 officials to allow emergency permitting and waivers to State laws for people, businesses, and  
77 residences who need to take reasonable actions to protect life and property.

78
