This email is a bit early in the process, but Goldbelt continues to be very “foxy” with their plans for the North Douglas cruise ship terminal.

If nothing else, the five boats a day should stand including this ship in North Douglas!  
Or if they don't agree, than the other companies are restricted to four.

Like many residents who don't benefit from this industry except for a new park or two, we are becoming quite tired of our community being exploited and manipulated.
