RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 1700

A RESOLUTION URGING THE GENERAL SERVICES ADMINISTRATION TO PROVIDE FUNDING FOR THE CONSTRUCTION OF TWO ADDITIONAL LEVELS OF PARKING ABOVE THE EXISTING FEDERAL BUILDING PARKING LOT.

WHEREAS, it is the policy of the city and borough to work with state and federal agencies to provide the best possible support for government operations in the Capital City, and

WHEREAS, the free flow of traffic and the ready availability of off-street parking is essential to the smooth functioning of business in the downtown area, and

WHEREAS, employees working in the Federal Building have a major impact on parking in an area with limited parking resources, and

WHEREAS, an analysis of current traffic loads and parking usage in the area of the Federal Building indicates that the existing off-street parking for the structure is incapable of meeting the demands placed upon it, and

WHEREAS, it appears that two additional levels of parking above the existing Federal Building lot would be the best method of accommodating parking demands in the vicinity, and

WHEREAS, it would be in the interest of all agencies and businesses in the downtown area if federal employees were provided with additional parking facilities;

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

1. That the U.S. General Services Administration is urged to consider funding for the construction of a structure providing two additional levels of parking above the existing Federal Building parking lot.

2. That the City and Borough of Juneau will work with the General Services Administration to insure that parking for employees at the Federal Building is integrated as smoothly and effectively as possible with traffic and parking patterns in the downtown area.

3. The City & Borough Clerk is directed to forward copies of this resolution to the congressional delegation and appropriate federal agency officials.

4. Effective Date. This resolution shall be effective immediately upon adoption.

Adopted this 28th day of February, 1994.
